

**TIMBERLANDS**

## Environmental Planner - Harvesting

Timberlands is a leading New Zealand based Forest Management Company with particular expertise in forest management and operations on a significant scale.

Timberlands, based in Rotorua, manage 190,000ha of pine plantations in the Central North Island on behalf of Kaingaroa Timberlands and other clients.

### **Purpose of the Role:**

To plan and manage environmental compliance for Roding and Harvesting Operations, to ensure environmental risks are minimised whilst maximising stumpage.

### **Key accountabilities include:**

- Initiate and manage all consents relating to roading and harvesting activities. This may include Resource Consents, development and approval of Traffic Management Plans, liaison with the Historic Places Trust Authority etc.
- Monitor consent compliance, application status and act as key point of liaison with Councils and other stakeholders
- Provide guidance on environmental matters to the Harvesting & Marketing Team
- Complete notifications and ensure compliance with National Environmental Standards for Plantation Forestry regulations (NES)
- Plan, oversee & record the work programme for environmental earthworks machinery ensuring compliance with HS&E standards
- Lead integration of relevant new technologies

### **About the right person:**

#### Qualifications and experience:

- A relevant tertiary qualification or experience
- Experience in production forestry (with a focus on roading) and contract management
- Experience using GIS
- Knowledge of local government processes and environmental legislation (including NES)

#### Skills and competencies:

- Excellent communicator and team player
- Good time management
- Ability to build sound working relationships with all stakeholders
- 4WD experience, full class 1 licence and a willingness to undertake field work

People make our business at Timberlands, as such we seek to offer an employment package that retains and rewards excellent people. Our employees enjoy working in a professional and co-operative team environment with access to great healthcare and insurance benefits, a flexible work-life culture and excellent professional development opportunities.

This is a full time, permanent position.
